

Renas Hall International Program at Saint Mark's High School

Volume 1, Issue 3, October 2012

The Great Lakes Niagara Falls

On October 7 and 8, 2012 the International Students traveled to New York to see Niagara Falls, a North American natural wonder. Millions of gallons of water rocket over Niagara Falls every minute—about 750,000 gallons each second!

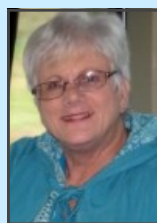

The group enjoyed a historical ride aboard the Maid of the Mist. Water rushed all around the group as they soaked in the excitement and were able to explore the roar of the Falls during the half hour boat ride.
